SPANISH PROJECT: DUE _____

As we get close to the end of the school year, you are going to put together the things that you have learned into a final product. This is something you are going to create in Spanish.

You will have time to work on this in class, but will probably have to work on it at home as well since we have limited time and resources. You may work with one other person if you would like, but you will be graded separately.

You will need to include at least two of the following language areas that we have been working on. (A checklist is included with necessary skills.) If you would be interested in looking up other language areas (for example, food) you can include that.

1. Description	<input type="checkbox"/> I can describe myself and other people using the verb “ser” and describing adjectives. <input type="checkbox"/> I can describe my family, friends, and/or pets using the verb “tener.” <input type="checkbox"/> I can use correct adjective endings that match the gender of the noun.
